FLIGHT.

IF THERE IS ANYTHING FURTHER WE CAN DO TO  
MAKE YOUR FLIGHT MORE COMFORTABLE, PLEASE  
FEEL FREE TO ASK.

THANK YOU

PILOT CW2 Castello

CO-PILOT CW3 Yoha

CREW CHIEF \_\_\_\_\_

### IN FLIGHT EMERGENCY PROCEDURES

WE DO NOT ANTICIPATE ANY MECHANICAL PROBLEMS; HOWEVER, AN EMERGENCY BRIEFING IS REQUIRED BY REGULATIONS.

IN THE EVENT OF AN EMERGENCY SITUATION, EITHER RECOGNIZED BY YOURSELF OR ANNOUNCED BY THE CREW, PLEASE INSURE THAT YOUR SEAT BELT IS SECURELY FASTENED AND EXTINGUISH ANY SMOKING MATERIALS.

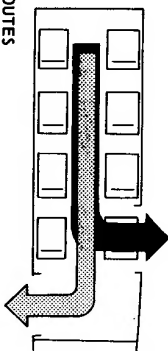

IF A FORCED LANDING SEEMS IMMINENT, WITHOUT LEAVING YOUR SEAT, TRY TO SECURE ANY LOOSE PERSONAL EQUIPMENT (THERMOS BOTTLES, ATTACHE CASES, ETC.) AS THESE ITEMS MAY BECOME HAZARDOUS DURING A ROUGH LANDING. REMOVE ANY SHARP OBJECTS FROM YOUR POCKETS (PEN, PENCIL SETS, ETC.). ALSO REMOVE EYE GLASSES AND DENTURES, IF WORN.

IN THE EVENT OF A FORCED LANDING, REMAIN IN YOUR SEAT UNTIL THE AIRCRAFT HAS COME TO A COMPLETE STOP! AT THIS TIME, YOUR CREW WILL ASSIST IN EVACUATION OF THE PASSENGERS.

DIAGRAMS AND INSTRUCTIONS FOR USE OF THE EMERGENCY EXITS ARE ON THE BACK OF THIS PAGE.

IN THE EVENT OF AIRSICKNESS, AIRSICK BAGS ARE AVAILABLE. THERE IS NO REASON TO BE HESITANT ABOUT ASKING FOR A BAG. AIRSICKNESS ATTACKS EVEN THE MOST EXPERIENCED AIR TRAVELERS.

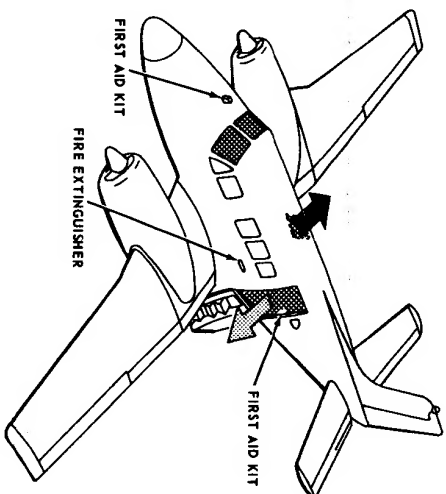

# EMERGENCY ESCAPE ROUTES

1. PULL DOWN RED COVER OVER EXIT LATCH HANDLE.

2. PUSH RED BUTTON TO RELEASE EXIT LATCH HANDLE.

3. PULL UP ON HANDLE AND PUSH TO REMOVE LATCH.
